## **UCS Full Committee Meeting Minutes**

Elton Bowring Room, Clare College

15:30, Saturday 1st June 2019

A record of the sixth meeting of the UCS Full Committee

### **In the Chair**

Dan Wright President

### **Present**

Vicky Grennan, Nick Hall, Georgia Appleyard, Harry Ezra, Eloise Trimmingham,

### **Apologies**

David Barton, Ella Nevill, Conor Foster, Katie Veitch, Isha Cordes

### **Just not here:**

Everyone else.

### **Feedback**

My minutes were fine! Back on it.

The college is more keen on us sorting the storage attics which we're happy to do, Dan feels much more positive about it than he did. He foolishly asked whether Eloise had "some sort of... system?" for tidying and sorting which, of course, she does. She has a spreadsheet.

There is also a poster attached to the bulletin detailing when those with belongings in the attic rooms should be moving them by- please check if you think you have anything in there!

### **Summer reps:**

Dan has taken the slightly worrying move to suspend democracy and choose the rep himself.

### **CUSU**

CUSU are running their annual Cambridge survey- it would be great if it had as many responses as possible as then the UCS can benefit from data collected. There will also be a Big Clare Survey in the works soon.

### **LGBTQ+ Feedback**

Nick says the college has allowed him to fly the flag on the 8th (the start of Pride) ONLY, and then only on the railings outside Old Court. Progress.

### **Social Sec Feedback**

There will, very sadly, be no bop in May Week as there aren't any nights free in Cellars, In addition, we apparently need to sort out "trained stewards" for Clare events, even though we're not sure what they are, because we have to have them. Exciting stuff.

## **Women's Feedback**

Georgia has been approached with the idea of self-defense classes; there'd be no time now so this is something she's thinking for Michaelmas (though might not be as part of freshers as that seems a little ominous.)

## **Mental Health and Disabilities Feedback**

Harry would like to run an arts and crafts evening at some stage in the term ( the wholesome content we are all here for).

## **AOB**

We discussed the issues around conferencing in Lerner Court during exams but given we've all received an email from College addressing the issue it seems a bit harsh to drag it all up again.

*Dan ended the meeting at 16:02 by stating "I've got nothing." I think I speak on behalf of you all when I say: same.*
